OKLAHOMA HAY MARKET REPORT

7-7-23

Receipts: 9,205 Last Reported: 2,025 Year Ago: 0

Compared to the last report: Hay trade is slow with limited demand. Hay is slowly beginning to move but, we continue to receive rainfall across Oklahoma. With the rain, many are having trouble putting up their second or third cutting of hay. As most ranchers and farmers continue to try and restock their hay inventory the hay trade will continue to be slow. The Oklahoma Mesonet Drought Monitor shows we are at 0.52 percent in exceptional drought, 4.79 percent in an extreme drought, 14.26 percent in severe drought, 35.88 percent in moderate, 73.77 percent in abnormally dry conditions, 26.23 percent that has no drought conditions.

*** The next report release will be on July 21 ***
